Allowable Subject Matter

Claims 1-5 and 7-9 are allowed over the prior art.

The following is a statement of reasons for the indication of allowable subject matter:

Claim 1 is indicated allowable because the prior art in record does not teach or suggest that a probe has a first quarter arc portion and a second quarter arc portion which is connected to the other end of the first quarter circle arc portion and a little short than the first quarter circle arc portion. The prior art in record also does not teach or suggest that the distal end of the second arc portion is brought into contact with a base plate and slides. Claims 3-5 and 7-9 are dependent on claim 1 and are allowable accordingly.
